Colour!

That's what immediately caught my eye as I looked over our new Idea Book & Catalogue. We've updated our colours (we're calling it a colour renovation) and organised our new colour offerings into four new colour collections that are fresh and exciting! Plus our In Colors will be available for two years, instead of just one; we'll be introducing five new In Colors every year, so starting in 2011, there will be a total of 10 In Colors to choose from.

You can see the difference on almost every page of the catalogue. The project ideas are fabulous, the design of the catalogue makes it easy to see what accessories are available in the new collections, and—if you're like me—you can't wait to get your hands on these colours and start creating!

Of course, once I got over the excitement of the colour, I concentrated on the stamps. (And that's a first—usually I focus on stamps to begin with!) And my enthusiasm grew. I know I say this every time, but I continue to be so impressed with the diversity of images we offer. Regardless of your personal taste and style, you'll find plenty to choose from!

And coordinating products—both images and colours—continues to be a Stampin' Up!® strength. You can find all sorts of accessories, from punches (I love the way this catalogue outlines images in colour that have coordinating punches!) to paper, from ribbon to brads. Creativity is so much fun when you have products that work together so well!

Join me in celebrating hundreds of exclusive images, vibrant colours, high-quality accessories, and everything else you need to enjoy the journey of creativity!

colour COORDINATION

No doubt there's more than one way to combine colours. Fortunately, we make it easy for you to achieve colour success with every project. Try any of these fun ways to play with colour. If you're a colour beginner, our Getting Started colour choices (p. 117) are the perfect way to give our colours a try! Another easy approach is to combine colours within collections for quick coordination. A fun option is to play with colour by doing some cross-collection colour creativity—and our easy-to-use Color Coach® (p. 117) can help you do that.

YOUR STAMPS YOUR CHOICE

No matter your preference, enjoy high-quality, rubber stamps in both clear-mount and wood-mount options. And with all hostess and many new and carryover sets available in both options, your stamps will reflect your personal style just as much as your stamped creations do!

All stamp sets are shown at 100 percent unless otherwise noted.

wood-mount STAMPS

Choose wood-mount stamps if you prefer stamping with our high-quality farmed maple wood blocks and you like your images permanently mounted for quick stamping.

Wood-mount sets come in clear, sturdy plastic storage boxes. A label you adhere to the box makes it easy to find the set you're looking for. Boxes are also easy to stack.

W Look for this symbol showing wood-mount sets.

❖ 1 ❖

❖ 2 ❖

❖ 3 ❖

WOOD BLOCK MOUNTING

1. Remove die-cut stamp from rubber and match stamp to correct block.
2. Peel backing off stamp and adhere to block. Position stamp as it appears on label.
3. Apply labels to block. Apply stamp set name label to end of box.

Our images earned the *Creating Keepsakes* Readers' Choice Award for nine years in a row!

clear-mount STAMPS

Choose clear-mount stamps if your storage is limited or you want to reposition or combine images on blocks.

Clear-mount sets come in DVD-sized storage cases making them easy to store in your readily available DVD storing solution or any shelf. Case front insert shows all images at 100 percent for easy block choice. Spine shows thumbnail images of all stamps to quickly find the set you're looking for.

 Look for this symbol showing clear-mount sets.

❖ 1 ❖

❖ 2 ❖

❖ 3 ❖

CLEAR BLOCK MOUNTING

1. To see stamp artwork through clear block, remove top liner from optional label leaving label on sheet with the adhesive side up.
2. Align stamp to label with foam side down. Press stamp onto label, and pull stamp up. (Label will adhere to back of stamp.)
3. Firmly press stamp (label side down) to make it cling to clear block, and start stamping.

Our new double punch completes two full processes in one punch. The Petal Card extra-large double punch punches once to create the inside score lines and again to cut the outside lines. And because both processes happen simultaneously, you only have to press the punch once and you get double the results. When using with stamped images, punch first, then stamp.

Magnetic Movers & Shapers Moveable Pieces

Use these two sets of four dies with the Magnetic Movers & Shapers die base (shown left) to easily create fun shapes on the front of your cards. Several of the pieces in these die sets coordinate beautifully with our punches. Cut images are slightly larger than the coordinating punch shapes for easy layering. All dies in these sets measure 5.9 x 6.2 cm. Use with extended cutting pads (sold separately).
